

THE WINE SCORING SYSTEM

95-100

Gold

A superb wine with great personality, character and complexity, but that is also true to its origins. An example that stands out among its peers as a supreme drinking experience.

90-94

Silver

An accomplished wine with considerable personality.
A classic example of its style or variety.

85-89

Bronze

A perfectly well-made wine which provides
an enjoyable drinking experience.

80 - 84

No Medal

A poorly made wine, lacking the distinction to be worthy of a medal.
For non-medal-winning wines we ask judges to write a more 'feedback-driven' note rather than a traditional tasting note.
